## Simple, Compact and High-Performance Laser Machine OPTIPLEX NEXUS 3015

Yamazaki Mazak Corporation has announced the start of sales of the new laser machine, the OPTIPLEX NEXUS 3015.

This versatile machine can be equipped with Intelligent Functions which can realize unsurpassed productivity and higher accuracy cutting. With the touch-screen MAZATROL PREVIEW 3 CNC system, the laser response and acceleration/deceleration control are improved resulting in faster cycle times. Additionally, simple shapes can easily be programmed by selecting shape patterns on the NC display.

The compact machine design features the laser oscillator and electrical cabinet integrated with the machine itself for the minimum floor space requirement. The OPTIPLEX NEXUS 3015 can be integrated into a Compact Manufacturing Cell or FMS in order to perform unmanned operation for a wide range of production requirements.
